STATEMENT OF RELEVANCY

References AO (10-186551) and AP (11-075108) on Form PTO-1449:

Reference AO is cited on page 5 of the specification, and reference AP is cited on page 4 of the specification.

It is thought that the references fail to teach or suggest picking up an image of a target object in divisions as a plurality of partial images which overlap by a predetermined quantity, by generating the partial images to be displayed by dividing a full image of the target image which is picked up in advance into predetermined sizes using information relating to an overlap of the partial images.
